## EDUCATION

**University of the East - Caloocan City, NCR**

*BS in Computer Engineering*

*ICT Senior High School Graduate*

**Caloocan City, NCR**

*Graduation Date: Jun 2027*

*Graduation Date: Jul 2023*

## CERTIFICATIONS & TRAININGS

CompTIA Security+ | CompTIA | January, 2026

Certified in Cybersecurity (CC) | ISC2 | August, 2025

Google Cybersecurity Professional | Google | November, 2025

Aviatrix Multicloud Network Associate | Aviatrix | December, 2025

## TECHNICAL PROJECTS

**Network Reconnaissance & DoS Attack Simulation |**

*GNS3, Kali Linux, Wireshark*

- Designed and deployed a multi-node virtual network environment to simulate real-world enterprise traffic.
- Conducted stealth reconnaissance using Nmap (-sS) and NBTscan, identifying exposed services and misconfigurations.
- Simulated ICMP flood attacks using hping3 to evaluate network resilience and packet loss behavior.
- Captured and analyzed malicious traffic in Wireshark, documenting indicators of attack and mitigation insights.

## ACHIEVEMENTS

**Huawei ICT Competition 2025 – Network Track**

*Participant (UE Caloocan Representative)*

- Represented UE Caloocan in a national-level competition focusing on **IP networking, routing and switching configurations, and network security protocols**.

**ICpEP.se TypeRacer CPElympics**

*Champion (UE Caloocan Representative)*

- Recognized for exceptional typing speed averaging **100 words per minute** with a peak speed of **135 WPM** and a consistent 99% accuracy rate

## LEADERSHIP EXPERIENCE

**UE Zenith Esports - League of Legends**

**UE Caloocan**

*Team Captain*

- Participated in inter-campus tournaments and scrimmages.

**Youth For Animals UE - Caloocan**

**UE Caloocan**

*Treasurer*

- Managed the organization's funds, budgeting, and financial records.
- Oversaw collection, safekeeping, and allocation of donations and event proceeds.

**Computer Engineering Students' Society**

**UE Caloocan**

*P.R.O.*

- Promoted workshops, seminars, and technical programs to increase engagement within the community.
- Designed and produced promotional materials (pubmats) for events, announcements, and society initiatives.

## SKILLS & INTERESTS

**Skills:** • **Security Tools:** Nmap, Wireshark, Cisco Packet Tracer.

- **Technical Proficiencies:** Incident Response Documentation, Risk Analysis, Bash/Linux Scripting.

- **Hardware/Engineering:** PCB Prototyping (DipTrace), Breadboarding.

**Interests:** Cybersecurity, Networking, Security Operations, Esports, Animal Welfare, Event Organization, Typing Competitions.
